

FIXED WALL BULK AGRICULTURAL BINS

REUSABLE TRANSPORT PACKAGING

USAGE

Plastic fixed wall containers feature an innovative one-piece design that is ideal for item storage and transport. Used routinely throughout the agricultural, industrial, automotive, and food processing industries. Plastic fixed wall harvest containers are temperature and UV resistant can be stacked, and are fully recyclable at end of service life. Molded-in ribbing gives extra sidewall strength and prevents bulging when carrying heavy loads. Plastic produce bins are reusable and extremely cost-effective when compared to wood and corrugated alternatives.

SPECS

- **INJECTION MOLDED:** Structurally rigid polymers provide strength and impact resistance
- **LONG LIFESPAN:** Less frequent repair and replacement, lowers in-house costs
- **LIGHTWEIGHT:** Easily move by hand when empty
