HARVEST BIN VENTED

REUSABLE TRANSPORT PACKAGING

RTP

USAGE

Our tall 48 x 45 x 35 plastic harvest bin. Designed to withstand the demanding harvesting environment of agriculture-related tasks while maintaining a lightweight by design, this bin will carefully protect produce and is constructed from FDA-approved materials. Plastic injection molded for long service life these harvest bins are used in a wide number of industrial, commercial, and personal use applications. These harvest bins are ventilated and can weigh up to 40% less than wooden alternatives. Making them perfect for the transport of bulk fruits, vegetables, meats, dairy products, and mechanical or automotive components.
