

RACKABLE PLASTIC PALLET

REUSABLE
TRANSPORT PACKAGING

RTP

USAGE

One of our most competitively priced pallets, this rackable plastic pallet accommodates heavy product loads in closed loops, production plants, and goods distribution. Reinforced runner configurations meet the highest demands of block stacking and protect cargo stored below from impact and damage. Precise dimensions and design increase process reliability in conveyor technology and reduce the risk of damage from improper handling.

SPECS

- **HEAVY CARGO:** Static load capacity up to 11,200 lbs. and up to 2,800 lbs. in edge rack
- **IMPROVED DURABILITY:** Metal reinforcements provide strength for heavy loads
- **LOWER COSTS:** Reduces transport and in-house storage costs
