AGRICULTURAL HANDHELD CONTAINER

REUSABLE
TRANSPORT PACKAGING

USAGE

Reusable plastic bakery trays are used extensively throughout the food processing, bakery, and grocery industries. Plastic containers promote seamless item transport, distribution, and handling. Reusable plastic trays are available in several styles and footprints, making them a perfect match for a wide variety of applications. These bread trays stack when full or, when rotated at 90 degrees, nest 50% within their own footprint, for massive storage and cost savings.

SPECS

- **VENTILATED:** Vented build keeps perishable items temperature regulated
- **STACKABLE:** Stack containers securely when full or by rotating 90 degrees for lower height
- **100% RECYCLABLE:** Reusable plastics can be fully recycled when needed
