12 GALLON REUSABLE LID DRUM

REUSABLE
TRANSPORT PACKAGING

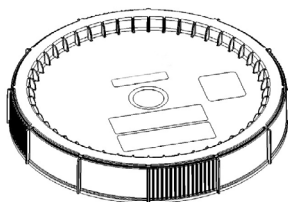

USAGE

These blow-molded plastic drums are used in major industries, including petrochemicals, specialty chemicals, pharmaceuticals, and food production applications. Opaque plastic walls make them ideal for longterm storage. With a diameter of nearly 15 inches, they hold up to 12 gallons of liquids, gels, and granular material. Built strong, these barrel drums are rated to hold loads in excess of 450 lbs.

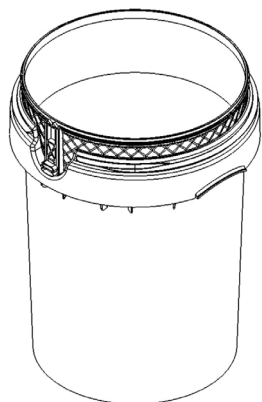

FEATURES

- **APPLICATIONS:** Ideal for liquid and powder/solid filling goods
- **UN-APPROVED:** For use with liquids and solids
- **MULTIPLE FOOTPRINTS:** Available in a wide range of sizes and accessory sets
- **SECURE LOCKING LID:** Screw-top lid design with security latch
