HALF PALLET ATTACHED LID CONTAINER

REUSABLE
TRANSPORT PACKAGING

USAGE

Half pallet plastic attached lid containers are an industry standard for distribution, transportation, retail, and automotive industries. With reinforced corners and lids, these bins keep contents safe and secure during all stages of transport. Noted for having exceedingly long lifespans, plastic bins are a reliable, sturdy, and easy to handle item transport solution. Perfect for split-case picking and shipping, these 40 x 24 x 21 plastic containers lower overall transport costs, can save fuel, and increase warehousing efficiency.

SPECS

- **STACK AND NEST:** Containers nest when empty and stack when full for optimized storage and return transport solutions
- **HELPS ORGANIZE:** Perfect for shelving, storage, and item management
- **100% RECYCLABLE:** All plastic design is fully recyclable at the end of service life
