

BAKERY TRAY

REUSABLE TRANSPORT PACKAGING

USAGE

These 29 x 26 bakery trays are specifically designed to efficiently optimize use of available space in bakery operations, warehousing, transport, and distribution to retail outlets. These trays feature a fully vented design for optimal thermal regulation. These bakery trays stack securely, thanks to integrated stacking tabs. With a low front wall, these trays provide easy access for loading, unloading, and retail sale. These trays can also be cross-stacked to save space in storage and in return transport trips.

FEATURES & SPECS

- **VENTED STYLE:** Ventilated design helps to maximize thermal regulation
- **SECURE STACKING:** Bakery trays stack securely, minimizing chances for tipping and sliding
- **NESTABLE:** When cross stacked, these bakery trays deliver a 2:1 nesting ratio
- **FOOD-SAFE:** FDA/USDA options available upon request
- **STRUCTURALLY RIGID:** High-grade polymers ensure maximum durability and product lifespan
- **INCREASED EFFICIENCY:** Stacking and nesting reduces transport and warehousing costs
- **ERGONOMIC DESIGN:** Contoured hand holes are comfortable and safe to handle
- **ECO-FRIENDLY:** Made from 100% eco-friendly polymers that can be recycled at end of service life
