

HANDHELD HARVEST CONTAINER

REUSABLE TRANSPORT PACKAGING

USAGE

This reusable standard grape crate is ideal for picking, processing, and shipping grapes or any other small produce items such as asparagus, cherries, or assorted berries. The standard grape crate is perfect for delicate items that need proper thermal regulation. These field containers provide superior item protection during all stages of handling and transport. Innovative container design stacks when full and nests when empty to save space, reduce warehousing, and return-shipment costs.
