HANDHELD MILK CRATE

REUSABLE
TRANSPORT PACKAGING

RTP

USAGE

Reusable plastic 16 quart milk crate containers see widespread use throughout the dairy, beverage, food processing, and item transport industries. Milk crates reduce costs, drive sustainability, and optimize supply chain efficiency through superior design and application of industry-proven materials. Reusable, recyclable, and available in a wide variety of sizes and footprints, these reusable bins are guaranteed to match most any application.

FEATURES

- **UNIVERSAL DESIGN:** Versatile crate size can be used for many SKUs, not just for milk jugs
- **DAIRY READY:** Compatible with all other industry standard 16 qt. dairy crates and automation infrastructure
- **ERGONOMICS:** Integrated carrying handles for easy handling
- **OPTIMAL AIRFLOW:** Open grid-work on all sides to allows for excellent airflow, temperature regulation, product protection, and cleaning
- **RECYCLED MATERIAL:** Regrind usage is optimized for excellent strength and impact resistance
- **OPTIONS:** Numerous colors available (incl. FDA approved colors), available in all-plastic or with steel rings, UV stabilizers, anti-oxidants, microbial and other additives available for extended service life, RFID tags and barcode labels also available
- **BRANDING/ID SURFACES:** Space available on all 4 sides for hot stamping and molded-in logos
