HANDHELD ATTACHED LID CONTAINER

REUSABLE
TRANSPORT PACKAGING

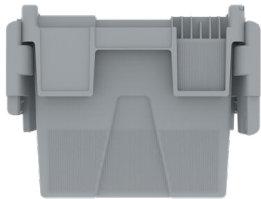

RTP

USAGE

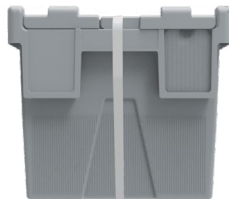

Inheriting all the practical design features from its predecessors and more, this new, small attached lid container is ready for automation. This small attached lid container is one of the smallest available, and features a hidden hinge-pin design that prevents tampering and delivers maximum security for the contents inside. This attached lid tote also features a textured base designed to reduce noise pollution, slipping and bouncing on conveyor systems.

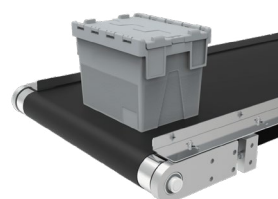

AVAILABLE IN 8.7", 10.4" AND 12" HEIGHTS

Integrated lid with hidden hinge design

Non-slip ribbing for secure banding and strapping

Textured base prevents slipping and bouncing on conveyors

Optional dolly and top caps for safe & secured transport

FEATURES

- **SECURE HINGE DESIGN:** Concealed hinge pin offers increased security for high value contents
- **SECURE BANDING AREA:** Non-slip ribbing zone on the top lid for secured banding/strapping
- **AUTOMATION READY:** Collar design and textured base are compatible with automation equipment
- **LABEL FRIENDLY DESIGN:** Ribbed label zone for quick and easy removal of adhesive backed labels
- **OPTIONS:** Barcoding, RFID, and various grades of security seals are available
