

# REUSABLE E-COMMERCE CONTAINER SOLUTIONS

## OPTIMIZE YOUR BUSINESS WITH THE RIGHT CONTAINERS

Finding the right storage and shipping containers can be challenging. That's why Reusable Transport Packaging takes a consultative approach when helping you select the right solutions to optimize your business. Reusable containers are ideal for every process including warehouse upkeep, order processing, product storage, and outbound shipping and returns. Streamline your order fulfillment process with specialized reusable containers that are specifically designed to make daily e-commerce processes easy, simple, and orderly. Durable, high-density polyethylene or metal containers are available in a wide range of sizes, making them ideal for storage and shipping of any e-commerce product. Some containers are available with an open hopper front option, which allows for immediate access and high product visibility for product retrieval and re-stocking.

**Resuables not only eliminate waste and save money, but they are also designed with integrated features that improve workplace safety and save valuable storage space.**

## SUSTAINABLE SOLUTIONS FOR YOUR NEEDS

In the rapidly growing world of e-commerce, where guaranteed one- or two-day delivery times are now the norm, warehouse automation and similar tactics are becoming key differentiators. E-commerce warehouse storage containers can improve the accuracy of inventory tracking and prevent lost items. Whether your operations call for traditional labelling, or more advanced systems such as barcoding or RFID, the team at RTP will work closely with you to find solutions that help your warehousing and order fulfillment processes.

We leverage our partnerships of over 40 years to bring you the right product, at the right time, at the right price. Our subject matter experts stay informed on the latest product developments, which enables you to make informed decisions that will positively impact your bottom line.
