HANDHELD BEVERAGE SHELL

REUSABLE
TRANSPORT PACKAGING

RTP

USAGE

Plastic beverage shells provide optimal portability, durability, and protection for fragile items and liquid containers during processing, handling, and transport. The 12oz. 24 pack beverage retail tray is perfect for retail and distribution, which rely on safe transport of glass and plastic beverage items, as well as return for recycling. Plastic beverage containers help to streamline distribution, cuts shrinkage costs, and are highly durable. Perfect for use in retail shops, convenience stores, distribution centers, bulk item transport, and recycling operations.

FEATURES

- **ULTRA DURABLE:** Impact resistant HDPE is structurally rigid – proven reliability
- **ENHANCED ERGONOMICS:** Sturdy handles with palm up/ palm down profile allow for easy grasping, lifting and carrying
- **NESTABLE DESIGN:** Empty trays nest inside one another to save storage space, and can be de-nested manually or with automated equipment
- **TRACK LOCKING FEATURE:** Twist and slide bottom locks crates and closures for stability in transit, and releases easily for unloading
- **RETAIL READY:** Open design with wide product windows allows for full display of product labels
- **EXCELLENT STABILITY:** Tall columns increase bottle stability during transit
- **EASY CLEANING:** Plastics are impermeable and are easy to wash and sanitize
- **OPTIONS:** Custom colors and branding available for heightened brand promotion and asset management, barcodes, and RFID
