FIXED WALL BULK CONTAINER

REUSABLE
TRANSPORT PACKAGING

USAGE

Designed to withstand the rigorous demands of the agricultural industry, these 48 x 40 x 20" harvest bins are durable, flexible, maneuverable, and easy to use. Manufactured from the highest quality structurally rigid HDPE, these harvest bins are impact resistant and safe for food handling. These bulk containers are ideal for both indoor and outdoor use. The bins feature integrated stacking tabs, delivering a secured method for optimizing storage and transport space. They are UV resistant and temperature resistant, and designed to keep pests and inclement weather out.

Available in custom heights
for your specific application

Also available with
vented walls

Options for short side,
long side and full runners

FEATURES & SPECS

- **MINIMAL MAINTENANCE:** Bins can be steam cleaned and are safe for use with cleaning chemicals for sterilization
