FIXED WALL BULK CONTAINER

REUSABLE
TRANSPORT PACKAGING

USAGE

Designed to withstand the rigorous demands of the agricultural industry, these 48 x 40 x 31" harvest bins are lightweight, flexible, maneuverable, and easy to use. Manufactured from the highest quality structurally rigid HDPE, these harvest bins are impact resistant and safe for food handling. These bulk containers are ideal for both indoor and outdoor use. The bins can be stacked up to 10 high, allowing for optimized storage and transport space. They are UV resistant and temperature resistant, and designed to keep pests and inclement weather out.

Single-piece design for maximum strength

FEATURES & SPECS

- **MINIMAL MAINTENANCE:** Bins can be steam cleaned and are safe for use with cleaning chemicals for sterilization
- **UNIBODY CONSTRUCTION:** Single-piece design delivers maximum strength and durability
- **DURABLE POLYMERS:** Lightweight and durable polyethylene stands up to rigorous outdoor use
- **VERTICAL STACKING:** Can be stacked up to 10 bins high, maximizing storage and warehousing quantities
- **FOOD SAFE:** Meets USDA standards for direct food contact
- **OPTIONS:** RFID tags for tracking, multiple color options, embossed logos, and solid walls are available
