

**REUSABLE
TRANSPORT PACKAGING**

AUTOMOTIVE MANUFACTURING SOLUTIONS

OPTIMIZE YOUR PRODUCTION LINE ...AND YOUR BOTTOM LINE.

Automotive companies with complex, high-paced operations require container solutions that go beyond the ordinary. Plastic reusable containers are specifically engineered to meet the demanding needs of automotive manufacturing, warehousing, and distribution.

Whether you're storing components in a production facility or transporting parts between locations, these containers offer the durability, consistency, and performance your operations depend on. Their lightweight yet strong construction makes them ideal for protecting valuable automotive parts during handling and transit.

Designed for seamless integration into automated systems, plastic containers are easily handled by conveyors, pallets, forklifts, and robotic machinery—streamlining your loading, unloading, and inventory processes. Reusable and long-lasting, they also support sustainability goals by reducing packaging waste.

Choose plastic containers built to support the precision and efficiency of your automotive supply chain.

FEATURES AND BENEFITS

PRIVATELY OWNED AND OPERATED

Over 40 years of experience in all forms of reusable and returnable packaging

DURABILITY AND LONGEVITY

Sturdy, durable containers offer maximum protection, and are able to handle high weight capacities and repeated impacts.

AIAG COMPATIBILITY

Seamlessly integrate containers with all your existing 45 x 48" infrastructure.

IMPROVED ORGANIZATION

Improved space utilization both inside the container and in your facility.

FINANCIAL ASSISTANCE

Offering a variety of payment options, including rental agreements.

STRAIGHT WALL TOTES

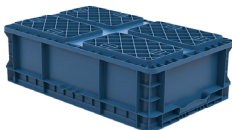

- Smooth interiors for maximum space utilization
- Ergonomic, countoured handles
- Reinforced external ribbing for maximum strength and secure stacking
- Available with flat or cross-stack bases
- Perimeter bumper for added protection during production and transport
- Drain holes in bumper and handles for easy washing and drainage
- Optional lids, labeling, branding, hot stamping and numbering available

COLLAPSIBLE BULK CONTAINERS

- Foldable designs offer excellent storage and transport ratios
- Repairable designs offer maximum sustainability
- Drop doors for easy access to contents
- Durable construction with reinforced fork openings for long service life
- Heavy-duty models and lids available
- Custom colors, ID tags and document pouches available
