FIXED WALL BULK CONTAINER

REUSABLE
TRANSPORT PACKAGING

RTP

USAGE

Perfect for harvesting, processing, distribution and retailing – these large, 48"x 48" plastic fixed wall bulk containers are easy to fill, discharge and transport which provides substantially lower in-house packaging and transport costs. Built tough, they are rated to carry loads up to 1 ton. Bulk fixed wall containers maintain freshness and safeguards fragile items through each segment of a product's life cycle. Bulk plastic shipping containers are well suited to transport automotive components, appliances, construction and transportation equipment.

FEATURES & SPECS

- **USES:** Agriculture, food processing, automotive manufacturing, bulk item storage, and distribution
- **STACKABLE:** Stacking containers increases storage capacity and reduces warehouse footprint
- **FIXED WALLS:** Rigid side walls ensure maximum product protection and container durability
