

STACK AND NEST HANDHELD CONTAINER

REUSABLE TRANSPORT PACKAGING

USAGE

Handheld stack and nest containers are a staple in the agricultural sector and serve a wide range of purposes, from shipping and item transfer to material storage. These containers are designed to stack securely during use and nest efficiently when rotated 180°, minimizing storage space and optimizing return-shipping. Built for durability, they feature strong support columns and are made from high-grade recyclable polymers—offering long service life with a reduced environmental footprint.

180° STACK AND NEST DESIGN

FEATURES

- **STACKABLE:** Conveniently stacks in a secure manner
- **NESTABLE:** Rotate 180° to allow the crates to nest inside one another
- **FIELD READY:** UV stabilizers prevent deterioration of plastic in the field
- **CARRYING CAPACITY:** 25 lbs. for berries and 12 lbs. for mushrooms
- **LOWER COSTS AND FAST ROI:** Lower replacement fees and increased service life provide a rapid return on investment and ongoing savings
- **100% RECYCLABLE:** Eco-conscious alternative to disposable metal or wood crates
- **OPTIONS:** Hot stamping available
