COLLAPSIBLE BULK CONTAINER

RTP

REUSABLE
TRANSPORT PACKAGING

USAGE

These 32 x 30 x 25 collapsible bulk containers are designed to carry up to 1,800 lbs. for heavy-duty material handling and storage operations, and to lower overall transportation, labor and warehousing costs. Welded I-beam design increases base strength significantly, lengthening each containers' service life and dependability. These stackable bulk bins feature heavy-duty plastic hinges which allow the drop door to rest flush against the container, reduces warehousing footprint. Durable, reliable, affordable, and reusable, collapsible plastic containers are a proven choice through a variety of industries.

SPECS

- **MAXIMIZE STORAGE:** Height collapses to under 13"
- **SAFE HANDLING:** Reinforced fork openings and ergonomic carrying handles
- **IMPROVED SAFETY:** Plastic hinges do not rust and reduce chances for injury
- **SIMPLE REPAIRS:** Plastic latches and sidewalls can be replaced for ongoing service
- **USES:** Industrial, automotive components, produce harvest, farm equipment
- **100% RECYCLABLE:** Reusable plastics can be fully recycled when needed
