

BEVERAGE PALLET

REUSABLE TRANSPORT PACKAGING

USAGE

Beverage pallets are designed to optimize the unique material handling needs for suppliers of bottled and canned beverages. Popular with bottlers, distilleries, distributors, and retailers alike. With a large, 56" x 44" footprint, these pallets make the most of storage and transport space. Easily rack-compatible, stackable, this heavy duty pallet features 4-way fork access, making maneuverability a breeze.

Plastic pallets are safer, more clean alternatives to traditional wooden or metal pallets. Plastic beverage pallets effectively prevent any mildew/mold, bacteria, and insects from harboring within the pallet. In addition, each pallet features a uniform structural integrity, meaning no weak links, no splintering, and no rusty nails.

FEATURES & BENEFITS

- **MATERIAL HANDLING:** Perfect for bulk items, including canned and bottled beverages
- **ERGONOMIC HANDLING:** 4-way entry slots compatible with forklift use
- **STACKABLE:** Secure, and reliable stacking options increases storage capabilities
- **100% RECYCLABLE:** Reusable plastic polymers can be fully recycled
- **ISPM-15 EXEMPT:** No need for costly sanitation and fumigation, cuts costs and labor
- **CUSTOM OPTIONS:** Custom branding, logos, and RFID options available
